

2020

*ROBSON'S GREENHOUSE
FUNDRAISING GUIDE*

*THANK YOU FOR
BEING INTERESTED
IN A FUNDRAISER
SELLING FLOWERS
GROWN AT
ROBSON'S
GREENHOUSE.*

Enclosed is our 2020 fundraising order form along with our assortment for the growing season. This year impatiens growing techniques have improved. researchers at Michigan State University and around the country have improved seed quality so that it is becoming more resistant to the downy mildew.

While there continues to be no cure as of yet for the Downy Mildew problem, we have seen impatiens successfully grow over the last few years in several places, including window boxes, containers, and flowerbeds at homes and golf courses. Using fresh, clean potting soil in flower beds and containers increases your growing success. That being said, we are providing the product for customers to try at their own risk.

Again, we thank you for your business and your interest in fundraising with Robson's Greenhouse. For any questions or information regarding wholesale pricing, please contact us at : (734) 397-2252. we will be glad to send you over our most up to date pricing.

- Lynn & Arleen Robson
